Mr.Mark Safety Shoes Insole Concept - ERGONOMICA® - Designed for Human Motions

Working on hard surface especially wearing steel mid sole safety shoes is a common cause of over stressing and pain in the heel and front of the foot. This is one of the reason causing fatigue in foot. The Mr.Mark ERGONOMICA® Insole provide preventative protection. The distinct ERGONOMICA® shape helps to stabilize the foot while the deep, structured heel cup and full length Polyurethane (PU) provide support and comfort.

ERGONOMICA® Insole focus on supporting rear foot because it is where the majority of foot motion originates (standing, walking and running).

- Made from Polyurethane PU, light, flexible and supple
- Retains shock absorbing qualities help to stabilise the foot
- Long lasting total support
- Reduce foot and joint stress
- Antistatic
- Reducing the shock forces to the feet, knees, hips and lower back
- Fit most footwear
